A margin is defined as the amount available beyond what is actually needed. In terms of today's lesson, we are specifically referring to the margins of *time* and *treasure* that we have available, individually. Begin your study by reading Matthew 6:20-24.

How have you cheated yourself by filling up your margins with things that do not matter? In what ways have you cheated God?

Read Ephesians 5:17. The best way to discover your gifts is to experiment! How have you tried to discover the area of service which suits you best? If you haven't, are you willing to jump in, jump around and jump up to service?

What does Matthew 6:20-24 say to you about how to use your financial margins? What changes are you willing to make in order to invite God back into your finances and put Him first?

*"Teach those who are rich in this world not to be proud and not to trust in their money,  
which is so unreliable.  
Their trust should be in God,  
who richly gives us all we need for our enjoyment"*
